# ProNote 1.5

Compact Processing Power

Banks, retailers and casinos all have to meet extremely demanding requirements for counting, sorting and authentication of banknotes. Counting and sorting machines should also be as efficient, cost-effective, and user-friendly as possible.

Squaring the circle? Not with ProNote 1.5. Extraordinary technology, maximum ease of operation, absolute reliability, and a speed of up to 1,300 banknotes per minute make this system a premium among very compact table-top systems.

And how much space does all this take up? Just 335 x 280 x 270 mm, making ProNote 1.5 one of the smallest device in its class.

# Powerful, Convenient, and Extremely Compact

## RAPID AND EFFICIENT

At up to 1,300 banknotes per minute, ProNote 1.5 achieves an outstanding counting and sorting speed for its device segment. In addition, a reject compartment for counterfeit or unidentifiable banknotes ensures that the system offers non-stop performance.

## RELIABLE AND SECURE

Cutting-edge sensor technology makes it possible: ProNote 1.5 meets all requirements for counting, authentication, serial number reading and sorting with maximum precision. An optional external LCD display and receipt printer makes accounting processes even more transparent to customers.

## USER-FRIENDLY AND SPACE-SAVING

Featuring a clear, programmable user interface and jog dial knob, the system is incredibly easy to use. At the same time, ProNote 1.5 requires impressively little space (footprint: 260 x 280 mm). And as it weighs just 9 kg it is easy to transport by hand, using the practical carry handle.

## FLEXIBLE AND FUTURE-FIT

With easy, rapid update options, ProNote 1.5 can be configured for up to 40 different currencies. Each currency is automatically detected while processing. It is also well prepared for currency updates or other future requirements.

# 1,300

## BANKNOTES PER MINUTE

Precision meets velocity: ProNote 1.5 convinces with its superior counting speed of up to 1,300 Banknotes per minute.

## Ready for maximum performance in minimal space?

Then talk to our experts! They will be happy to demonstrate how ProNote 1.5 can be adapted to your individual requirements.
